TRAINER NEWS

GRAHAM MOTION

FAIR HILL – I'LL TAKE THAT continues on a regular breezing and appears to be doing well. Graham will be looking for a maiden race for her pretty soon. **DANCE RECITAL** is also on a regular breezing schedule. Looks like there is a possible maiden race at Monmouth on July 3rd and hopefully she will get to draw in as she has been sitting ready to run for about 30 days. 2yos **FASCINATION** and **PLANETARY** are on regular breezing schedules, just nice easy 3/8's at this time and doing lots of gate work. The fillies are getting a good racetrack education and Graham is happy with them both. **KEENELAND** -- **IMPLICATION** had an easy week and had an evaluation at Hagyards by Dr. Hunt for some minor soundness issues. Nothing too serious but will need a 45-day vacation. He will probably go to KESMARC for some aqua-treading and cold-water spa to let everything quieten down and then resume riding at that point.

MIKE STIDHAM

FAIR HILL – **GOOD ALTERNATIVE** has settled in well. She had a nice easy 3/8's last weekend and is doing fine. **SYNCHRONY** is back on track. Mike will look around for some options for him. With Woodbine and Monmouth opened up there will be some stakes races in his future, but in the meantime, he continues to train really well. 2yos **ARBITRARY** and **COMPLY** are breezing regularly. Both had a nice easy 3/8s last weekend and are coming along nicely. They are doing lots of gate work and have settled into their Fair Hill surroundings. **KEENELAND** -- **ALL SET** continues on an easy breezing schedule and will move to Fair Hill in the near future. **MONMOUTH** – **CLEAR AS DAY** had a nice easy half last week. She seems to come out of her last race in good shape and could be a possibility for the Fasig-Tipton HORA sale mid-July.

DONNIE VON HEMEL

CHURCHILL – 2yos **INSIDE STORY** and **REALLY NICE** are doing very well. Both are training forwardly. They had a little stretch of legs last week and they are really coming along nicely.

Keeneland's New Equine Safety Director

It became public this week that Dr. Stuart Brown has accepted the position of Equine Safety Director at Keeneland and will be leaving Hagyard Equine Medical Institute after serving horse farms in the area for nearly 30 years. Some of us here at Pin Oak have known him since he began at Hagyard's when he was our breeding shed vet from 1991-95. He had also been our backup for Dr. Fishback, our repro vet who is now enjoying a happy retirement. Dr. Brown is a longtime friend and we are very happy and excited for him to begin his new endeavor at Keeneland. So, what will he be doing now instead of examining four-legged patients on a daily basis? Well, he will "lead the effort to develop, communicate, and enforce safety and integrity policies for both racing and sales operations at Keeneland; review all racing-related accidents with the goal of prevention; assess relevant equine health and safety research; and proactively communicate best practices to the racing community and public. His duties will encompass both Keeneland and The Thoroughbred Center, a training facility on Paris Pike". We don't know, Doc, but it sounds like you're stepping out of the frying pan and into the fire! Nevertheless, you have our heartfelt best wishes. We know you will do a superb job for Keeneland as your compassion for our industry is huge.

WEEKEND WATCH

Post times are Eastern Daylight Savings Time

Friday, June 27

5:04p BEL Hessonite S. (\$75,000)
